## Terrance Drawing

[Space for drawing]

## Solar Panel Arrangement

[Space for drawing]

| Front Height | Back Height | Solar Panel | Solar Inverter | Rafter (x) | Purlin (x) |
|--------------|-------------|-------------|----------------|------------|------------|
| ok           | -           | 11          | ok             | -          | -          |

## Quotation

|   |                                       |                     |
|---|---------------------------------------|---------------------|
| 1 | Per KW Solar System Cost              | -                   |
| 2 | Solar Rooftop System Total Cost       | Rs. 2,00,000        |
| 3 | Heighttted/Elevated Structure Cost    | Rs. 10,000          |
| 4 | GEB/Torrent Net Meter Cost            | Rs. 20,000          |
| 5 | Solar Panel Premium Charge/Other Cost | Rs. 20,000          |
|   | <b>Total Net Payable</b>              | <b>Rs. 2,50,000</b> |
| * | Subsidy                               | Rs. 50,000          |
| * | <b>System Cost After Subsidy</b>      | <b>Rs. 2,00,000</b> |

Total Net Payable = Solar Rooftop System Total Cost + Elevated Structure Cost + GEB/Torrent Net Meter Cost + Solar Panel Premium/Other Cost  
System Cost After Subsidy = Total Net Payable - Subsidy

## Terms & Condition

|            |                                   |
|------------|-----------------------------------|
| Payment 01 | 10% Advance - Non Refundable      |
| Payment 02 | 80% Before Installation           |
| Payment 03 | 10% After Installation Completion |
